**Subject: Invitation to participate Power- up Online Inter-University Business Plan Competition 2020**

**Respected Sir/ Madam,**

Greeting from the Department of Business Administration, Varendra University, Rajshahi. I hope this email finds you well. The unprecedented experiences of COVID-19 have led to the greatest disruption to education systems in history. Academic and extra-curricular activities were also discontinued during that period. However, we could not stop the progress of our dear pupils. As part of our co-curricular programs, the Department of Business Administration is going to arrange **Power-up Online Inter-University Business Plan Competition 2020**. To represent your university and develop students creative and innovative business ideas, we would like to ask for this notice to be distributed and encourage students to attend the event.

This competition will take place online and in two rounds. In the first round, students must submit their business plan by e-mail. Once the proposal is received, they will be evaluated and move on to the final step. We greatly appreciate you sharing them with your students for making the event a robust event with a vision that enables our youth to become entrepreneurs.

With the slogan «**Be an entrepreneur and serve your country**», you are warmly invited to join this program to advance the inherent talent of our students.
